

PATHLAB Digital Platform

Smart Healthcare. Seamless
Access. Superior
Outcomes.

Pathlab **Digital** **Platform**

At Labsols, we don't just enable diagnostics — we power digital transformation for labs. With our integrated PathLab Digital Platform (PathLIMS), we connect patients, doctors, and healthcare providers in one seamless ecosystem. From sample collection to report delivery, every step is faster, more accurate, and effortlessly accessible.

Intro & Core Benefits

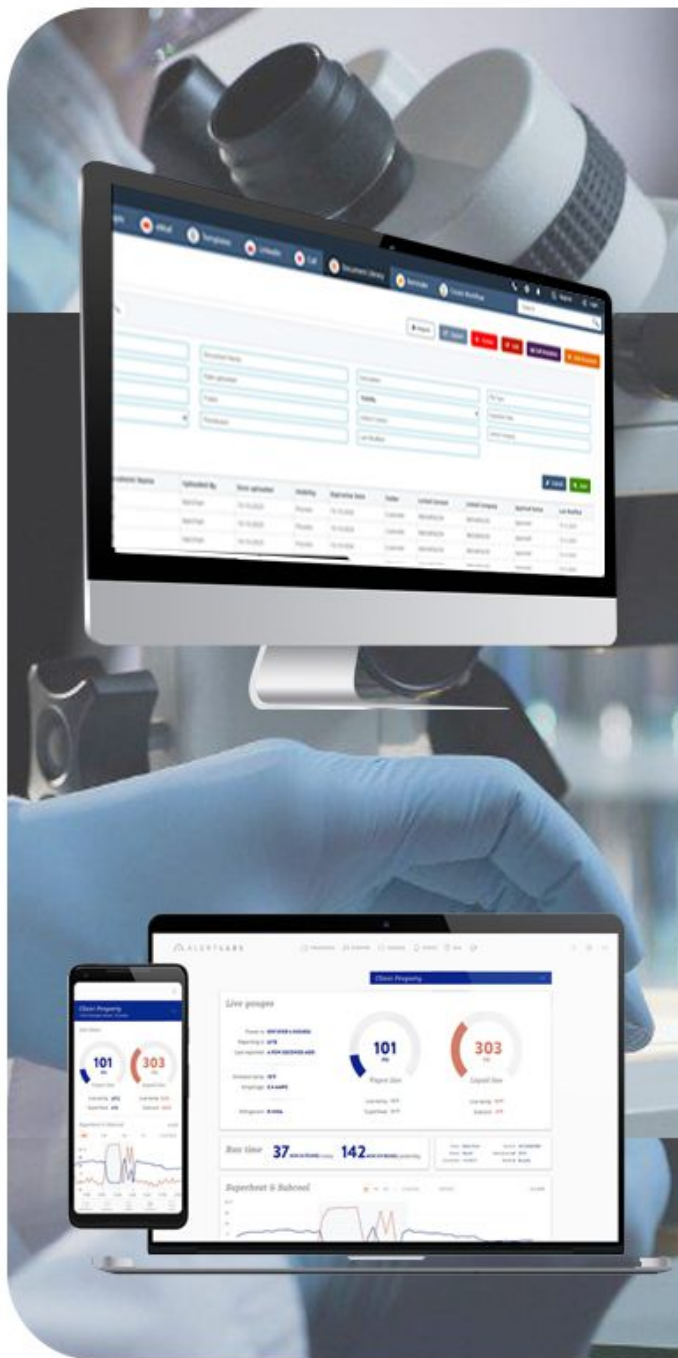

About PathLIMS

- ❏ Cloud-based & secure digital platform for modern labs
- ❏ Unified system for test booking, processing, reporting & analytics
- ❏ Tailored for pathology labs with compliance, scalability & security

Key Benefits

- ❏ **Efficiency** – Automate workflows from sample receipt to report delivery
- ❏ **Connectivity** – Link labs, doctors & patients in real-time
- ❏ **Insight** – Smarter, data-driven decisions with Power BI dashboards.
- ❏ **Access Anywhere** – Mobile app & web portals for patients and doctors

PATHLAB 
Digital Platform

PathLIMS Digital Platform

- End-to-end lab management: sample tracking, reporting, invoicing.
- Integrated with instruments & hospital systems.

Pathlabs Website

- A professional, branded website for your lab
- Online test catalog, booking & information portal.

Customer Portals

- Patients and doctors can log in securely.
- Report downloads, test orders, and status tracking.

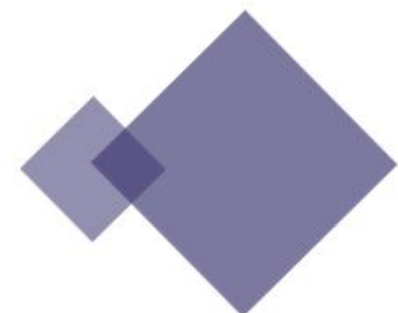

Mobile Apps

- Patient app: book tests, pay online, download reports
- Doctor app: report notifications, patient history access

Power BI Dashboards

- Real-time KPIs & analytics for lab operations
- Custom dashboards for revenue, TAT, volume, quality metrics

PATHLAB 
Digital Platform

Why Diagnostic Labs Choose Labsols

Patient-Centric Digital Experience

- 🏠 Online appointment booking & payment gateways
- 🏠 Mobile app & web portal for easy access
- 🏠 Real-time SMS & email alerts for every stage

Streamlining
Sample Handling
and Preparation

A

Personal Training
and Skill
Enhancement

D

End-to-End Workflow Automation

Data Management
and Analysis

B

Supply and
Efficiency

E

Equipment
Utilization and
Maintenance

C

Environmental
Impact and
Sustainability

F

- 🏠 Sample tracking with barcoding/RFID
- 🏠 Automated worklists for instruments
- 🏠 Smart batching to reduce turnaround time (TAT)

Accuracy, Compliance & Quality

- 🏠 Built-in quality control & audit trails
- 🏠 Secure role-based access
- 🏠 Compliance-ready with international standards

PATHLAB 
Digital Platform

Core Capabilities

Streamlined Lab Operations

- 📦 Centralized inventory with low-stock alerts
- 📦 Technician workload optimization
- 📦 Faster report approval & delivery

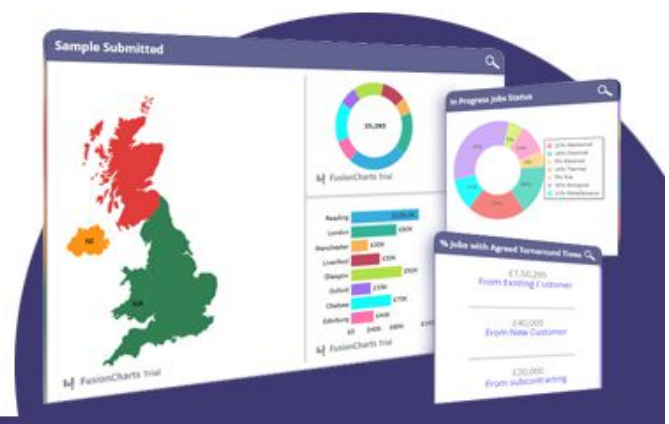

Powerful Reporting & Analytics

- 📦 Branded, customizable test reports
- 📦 COA, pathology, radiology & microbiology templates
- 📦 Lab performance dashboards and KPIs

Integration Ecosystem

Connect with LIS, HIS, ERP & CRM systems

Direct instrument interfacing (biochemistry, hematology, PCR, etc.)

Business & Patient Benefits

For Labs:

- 30% faster report delivery.
- Up to 90% fewer manual errors.
- Better inventory utilization & cost savings.
- Strong compliance & audit readiness.

For Patients:

- Easy digital access to reports anytime, anywhere
- Transparent sample & test tracking
- Seamless digital payments & receipts

Trusted by
diagnostic labs
globally

24/7 support
& training
programs

Scalable for
single labs to
nationwide chains

Flexible
deployment –
Cloud, on-premise
& hybrid
